Safe, Secure and Vibrant INDIA

Mi2C Security
&
Facilities Pvt. Ltd.

Services We offer :

- SECURITY
- FACILITY & UTILITY
- TRAINING & SKILL DEVELOPMENT
- CONSULTANCY

“For meeting the challenges of internal security, we can't continue to rely solely on our Police/paramilitary set up. We must have a professionally trained, well equipped, legally powerful, strong and well funded Civilian/ Private Security.”

Dr Kashmir Singh IPS (retd), Chairman

GENESIS

Security, house-keeping and facilities management have acquired very important status of being very critical constituents of production line and thereby affecting overall output in any industry. Similarly, in other sectors like hospitals, real estate, various private and public corporate, personal safety and events management; private security and facilities have come to play a very important role. This proliferation in the demand of skilled work force in the service sector, there fore, lead to specific thrust and emphasis on Skill development by Govt. of India.

In order to provide a holistic and single window solution to the issues of skill development, security, facilities, events management and their consultancy, four specialists corporate in the above sectors deliberated in depth to synthesize their expertise and that is how Mi2C Security & Facilities Pvt. Ltd. came into existence. The four constituents are:

- Moonlight Facilities Pvt. Ltd.
- Ikaan Security Consultants Pvt. Ltd.
- Cyber Dyne Pvt. Ltd.
- Cyclops Security and Allied Services Pvt. Ltd.

ETHICS WE FOLLOW:

Mi2C Security & Facilities Pvt. Ltd. is constantly striving to expand the range of its services and products for the ultimate benefit and satisfaction of its valued clients. We conduct ourselves with unflinching commitment to the highest ethical and professional standards.

OUR QUALITY PARAMETERS:

Mi2C places major emphasis on managing the quality of its operations and manpower deployed. Our quality parameters process begins when prospective manpower and senior staff is interviewed, screened and assessed for their detail orientation, interest on our industry as a career and committed to personnel success.

Mi2C look at it as an investment in the long-term future of our company and a vital part of the customer services we will never compromise on. In short we want our clients to remain our clients and stand ready to do whatever it takes to make that important part of our business happen.

Since client expectation and requirements may vary, so Mi2C has not adopted any single program. Instead we focus on the fundamental objective common to all programs: Continuous Quality Improvement (CQI). We are always looking for better ways to do things. We are well aware that consistent quality and continuous improvement do not just happen, but require an organized approach to maintain each individual client's standards of quality improvement.

OUR OPERATIONAL MECHANISM:

- Identifying Client Expectations
- Create SOP's (Standing Operating Procedures)
- Translating Client Expectations into Post Orders
- Job Descriptions
- Qualified Manpower to understand the nature of job
- 24x7 Integrated Control Room
- Good Organizational setup for better Supervision
- Regular/ Night check, Quick Response Team with Manpower backup.
- Daily Incident reporting for Feedback
- Monthly Review Meeting with Senior Management
- Random and Regular supervision and spot inspection to consistently review the operations
- Audit of strategic locations by senior corporate leaders. Reports with suggestions provided to client
- Investigations of any incidents that occur are immediately provided and incident reports generated. Liaison with police or local authorities is done
